

# Freelancing opportunity for marketing Portfolio Management Services

---

## About MFSL

MFSL, a 24 year old widely held capital market intermediary, is seeking freelancers to market its Portfolio Management Services to resident Indian and non-resident Indian investors.

MFSL is a SEBI registered Portfolio Management service provider, Merchant Banker, Stock broker and depository participant. It is empanelled with numerous institutions including banks and insurance companies as their registered stock broker.

## Freelancing opportunity

Individuals possessing contacts with investors and potential investors are welcome to join MFSL's club of freelancer.

The freelancer is expected to introduce potential investors to MFSL and initiate him or her to open a PMS account with MFSL. MFSL, on its part, will provide freelancer with information about PMS product, and also will assist freelancer in convincing the prospect to open a PMS account.

The target prospect should either already be an investor or ready to invest a minimum of INR 25 lakhs [fixed by SEBI] for a period of anywhere between 1 to 3 years.

The client will be charged PMS fees in two components – fixed fee of around 1 to 2% and performance based fee of around 15 to 20%. MFSL will share 25% of PMS revenues as well as broking revenues with freelancer.

## Presentation on Portfolio Investments
